## Addendum

Case CV06-0574

As I have outlined it is apparent that Plaintiff and his attorney are willing to say or do nearly anything to enable a New York jurisdiction - first Eastern where it turns out I have never been - now Southern where I ~~lived~~ with ~~the~~ <sup>been</sup> ~~been~~ twice twice in 20 years!

The question is why [ ] go thru all this to set venue - JURISDICTION OFFICE New York - Why? - The answer is Plaintiff knows it will be virtually impossible for me then to defend, virtually impossible.

Plaintiff could have filed this case back in 2005 - file in Martinsburg W.Va - 90 minutes from Washington D.C., had that been done this issue would now have been resolved. I and he would have had our day in court, he having rebutted any attempt at an out of court resolution.

Plaintiff cleverly waited until the house I rented for years was put on the market he knew I was planning on moving to Oregon. All of this to deny me a reasonable opportunity to defend.

Sincerely

Joe Morris
